Consistently excellent job

« For several years, AVL has been providing us with interpreting services, from French and German into English, at our forums on topics related to clinical research. They have done a consistently excellent job on sometimes very complex subjects, enabling a wider international audience to enjoy, participate in, and read about our events. We have found AVL to be reliable, prompt, professional, and altogether a pleasure to work with. »

Swiss Clinical Trial Organisation, Jadranka Knezevic and Estelle Jobson, Communications, Bern

Very easy going and competent interpreters

« Everything went really smoothly at our two-day **Hearing Center Directors' meeting**: AVL's German - French interpreters were very easy-going and competent. We want to exclusively work with AVL now: cooperation has never been as easy and convenient before! »

Neuroth AG, Bianca Fraiss, Communications, Graz, Austria

Always excellent live translations

« We thank AVL for the always excellent collaboration and live German to English translation by Annette von Lerber and her colleague at our various 'Meet the Expert' conferences on topics such as **material and surface technology of implants** at the Kursaal Interlaken. »

Medical Cluster, Peter Biedermann, Director, Bern

Interpreted with passion – not monotonously at all

« Annette von Lerber translated simultaneously at the iTOP (individually trained **oral prophylaxis**) seminar given by Dr. Jiri Sedelmayer. In addition to her perfect English and a professional spontaneity, it we observed that her interpretation also reflected the intonation of the speaker. Ms. von Lerber did not interpret monotonously, but rather with the appropriate inflexion and with passion. Both the staff and participants were enthusiastic and Ms. von Lerber remains our first choice! »
